Department of Computer Science
MY University, Islamabad.
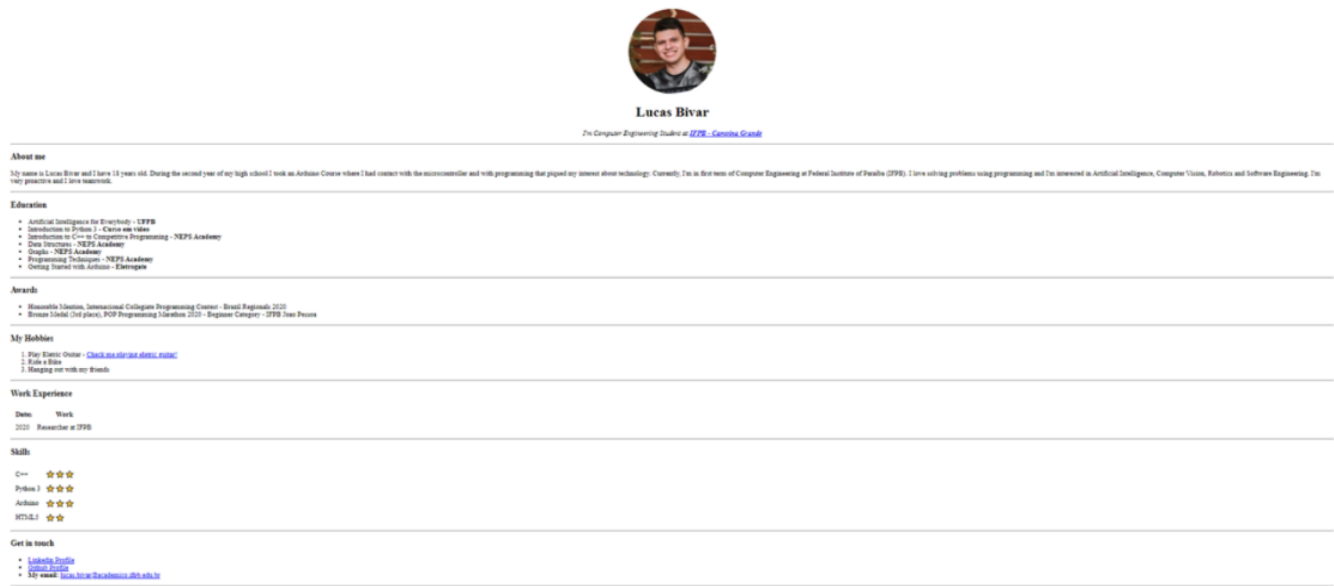

Implementation Phase (LAB)

Project No: _____ 08 _____

Course Title: _____ Database System _____

Student Name: _____ Taha Saddiqui _____

Registration No: _____ baib232005 _____

Batch: _____ Fall2023 _____

Program: _____ Ai _____

Semester: _____ 6th _____

Lab Instructor: _____ Mr. Hamza Javed _____

Submission Date: _____ 10/06/24 _____

Make your CV by using HTML

In this exercises, You will required to make a CV by using HTML. **Note:** it is not important to add real data but format must be same as given.

Lucas Bivar

I'm Computer Engineering Student at IFPB - Carolina Grande

About me

My name is Lucas Bivar and I have 18 years old. During the second year of my high school I took an Arduino Course where I had contact with the microcontroller and with programming that piqued my interest about technology. Currently, I'm in first term of Computer Engineering at Federal Institute of Paraíba (IFPB). I love solving problems using programming and I'm interested in Artificial Intelligence, Computer Vision, Robotics and Software Engineering. I'm very proactive and I love teamwork.

Education

- Artificial Intelligence for Everybody - UFPB
- Introduction to Python 3 - Curso em vídeo
- Introduction to C++ to Competitive Programming - NEPS Academy
- Data Structures - NEPS Academy
- Graphs - NEPS Academy
- Programming Techniques - NEPS Academy
- Getting Started with Arduino - Eletrogate

Awards

- Honorable Mention, International Collegiate Programming Contest - Brazil Regionals 2020
- Bronze Medal (3rd place), POP Programming Marathon 2020 - Beginner Category - IFPB João Pessoa

My Hobbies

1. Play Electric Guitar - Check my playing electric guitar!
2. Ride a Bike
3. Hanging out with my friends

Work Experience

Date:	Work
2020	Researcher at IFPB

Skills:

C++ ⭐⭐⭐
Python 3 ⭐⭐⭐
Arduino ⭐⭐⭐
HTML5 ⭐⭐

 </center>
 <hr>
 <h3>About me</h3>
 <p>As a passionate student studying Artificial Intelligence, I am excited to
bring my programming skills and knowledge to the world of AI and web development.
With a strong foundation in programming languages and a hunger for learning, I
am always eager to take on new challenges and push boundaries. My biggest
```

achievement includes completing a Full Stack Developmental Project, which has equipped me with hands-on experience in building web applications from the ground up. My best quality is my eagerness to learn and develop; my top skills include programming, problem-solving, and collaboration.
```
 </p>
